MAKE YOUR ENTRY A TALKING POINT WITH CULTURED STONE AVAILABLE IN NSW THROUGH AUSTECH EXTERNAL BUILDING PRODUCTS

With Cultured Stone stacked stone wall veneer, you can attain the elegance and simplicity of natural stone features in your entry way and around your home, with a minimum of fuss.

Installed quickly and easily by both DIYers and professionals, the Cultured Stone range offers hundreds of pre-cast stone veneers which replicate the array of textures, sizes, shapes and colours of natural stone.

It has countless innovative and unique interior and exterior residential, commercial and landscape applications.

Cultured Stone is now being distributed exclusively throughout NSW by Austech External Building Products.

"Cultured Stone is a prestigious, high quality product and is incredibly versatile," said Tony Curran, General Manager of Austech External Building Products.

"It is an excellent external wall cladding, creates stunning interior walls and feature walls in lounge rooms, living areas and entry ways."

Cultured Stone stack stone is a stand-out landscaping element, is sensational in pool areas, and offers classic olde world charm for fireplaces and chimneys.
