

Non-flammable
Maintenance free
Look of real woodgrain
25-year prorated limited warranty

CEDAR RENDITIONS™

Aluminium siding is widely known for its adaptability and durability, but it takes a special kind of siding to take your home to the next level.

Cedar Renditions by Royal covers it all, it is maintenance-free and durable, has several expressive colours. The sturdy aluminium sidings give classic wood aesthetics to modern architectural design.

Our new 6" Design Series profile features a unique random woodgrain appearance in two new premium multi-toned colours. Each colour has three distinct tonalities dark, medium, light - achieving a subtle to dramatic woodgrain look.

This is the next-level aluminium siding with a 25 year prorated limited warranty. It is moisture proof with a streamlined seamless overlapping notches to achieve longer length. Nonflammable, great for residential and light commercial applications.
