Contemporary Design

AlumiPro Cedar Renditions™ has become a favourite among architects and builders, as it's a high-performance product that fits with contemporary design trends. Combining warm timber aesthetics with the durability of aluminium; a definitive winner.

IBS 2020 Finalist – Best Green Product

Cedar Renditions was recently named a finalist for “Best Green Building Product” in the Best of IBS™ Awards for the 2020 NAHB International Builders’ Show (IBS) Las Vegas C, Nevada, USA.

Amberwood Cedar Bark Spanish Moss Charwood

Unique and Powerful Accent

Cedar Renditions is aluminium siding at its adaptable and durable best. Compelling contemporary aesthetics are displayed with equal power as a complementary accent or an exterior feature. Pair with brick, render, weatherboard or stone to add contrast and depth and enhance street appeal.

LEED Compliant and 100% Recyclable

Cedar Renditions is a sleek and modern aluminium accent siding, providing exceptional street appeal without the maintenance or flammability issues of wood. LEED compliant and 100% recyclable, Cedar Renditions combines durable, thicker gauge aluminium, wider board contemporary wood aesthetics and streamlined looks.
